- 3D modeling
- Digital sculpting
- Environment modeling
- Lighting
- Low-poly modeling
- Prop modeling
- Texturing

LANGUAGES

- Portuguese - fluent
- English - fluent

FEATURED PROJECT

Gambiarra Galactica | College Capstone Project

In a rusty lunar workshop, Frogo tries to repair a damaged spacecraft thruster. An explosion reactivates Omega, a small robot, and their struggle over the component causes a critical overload. Facing imminent destruction, they join forces to save the workshop.
